

Nine-month Primary Weight Boundary

The annual weight increase on nine-month primary highways is being adjusted in southern Saskatchewan.

Only secondary weights *are permitted on these highways from March 16 to June 14, 2018.*

Nine-month primary weights will be allowed outside of these dates.

*For more information go to:
saskatchewan.ca/truckingweights*

**This rule change applies to the 705
Primary Grid in the R.M. of
Laurier!**
