EXCITING NEWS

Construction has begun on the new Town Office/Shop/Firehall. It's exciting to see things progressing. Please be aware of the construction at the site on 522 Healy Ave. and be respectful of the workers and equipment. Here's a sneak peek of the new building. Please note this drawing may be subject to change

Saving Water Will Save You Money

Even the smallest leak has the potential of causing a large utility bill. The majority of leaks occur in the bathroom and the most common culprit is the toilet. Residents can see if their toilet is leaking by:

- Putting a few drops of food coloring in the toilet tank, wait 15 minutes and then check to see if the water in the toilet bowl changed color.
- If the water has changed color, the toilet is leaking.

Dripping faucets are another common source of water leaks. Ensuring the taps are tight can often prevent this.

We wish the best of luck to all the students in the 2023/2024 school year; and welcome all the new families to our community.

Please remember to obey all traffic signs and school zone signs to ensure a safe community for the children returning to school.
