New Town Employees

The Town of Radville would like to give a warm welcome to the following new employees:

Claudio Pasquarelli and Michael Lee joined our public works team in August of 2022.

Janice Doll joined our administrative team as of December of 2022.

Snow Removal

The Town of Radville is reminding residents that when it snows, please do not push or pile snow on the street. The Town will not send out a grader or tractor to remove snow on streets that have already been cleaned.

Please be mindful that when snow mounds build up it can cause visibility restraints for drivers.

Following a snowfall please move any vehicles parked on the street. This will assist the Town staff to be able to clear streets in a timely and effective manner.

Landlords Be Aware

Section 369 of *The Municipalities Act*, provides the authority to add outstanding utility accounts to the tax roll whether it was supplied to the owner or renter of the property. If the amounts are added to the tax roll of a parcel of land the amount is deemed for all purposes to be tax imposed from the date it was added to the roll and forms a lien against the parcel of land in favour of the municipality.

Once the outstanding amount has been transferred to property taxes, it is due and payable by the property owner.

As the property owner, you have the option to have the account for your rental property in your name, and subsequently change your tenant through your rental rates.

A disconnection fee of \$75.00 is required when requesting the water be shut off as well as a \$75 reconnection fee when the water is requested to be turned back on.

Dogs and Cat Owners

- Any resident who owns a dog/cat within Town limits must register their pets with the Town office.
- Licenses are due January 1st of each year; the fee is \$20 for each dog/cat. Restricted dog license fees are \$250 per dog, please refer to Bylaw No. 2016-15 for a list of restricted dogs.
- Pets shall wear a collar and the tag is to be attached to the collar. The purpose of registration is to have a record of dogs/cats in Town, which allows us to contact owners in situations where necessary.
- No person shall possess more than 2 dogs or 2 cats per dwelling unit.

Benefits of Reading Your Water Meter

- Regular reading of your water meter allows you to keep your account current and accurate.
- Your water bill is then based on your actual consumption instead of an estimate that could result in inaccurate billing.
- If you have had a number of estimated reads, followed by an actual read — you may see a sudden rise in your water bill amount if your water consumption was higher than what was estimated.
- When you do consistent, actual reads you can monitor your actual water consumption — this can help identify any plumbing leaks in toilets or fixtures sooner — saving money.
